

BENDEMEER PRIMARY SCHOOL

3 Jan 2022

Dear Parent / Guardian,

On behalf of the staff in Bendemeer Primary School, we would like to welcome all our pupils back to school. The school firmly believes in the holistic development of our students – academically, socially, emotionally and mentally with strong character and leadership qualities. With your unwavering support towards the education of your child, steadfast dedication from our staff and passion from our students, we strive to create a safe and conducive learning environment in Bendemeer Primary.

As Singapore continues to deal with the Covid-19 situation, we would like to seek your understanding and trust in the school to carry out our curriculum in a safe manner. As part of the school's effort for our students to take personal responsibility, demonstrate acts of kindness, and make an impact in our community, let us continue to encourage our children to play their part by diligently observing safe distancing measures, watching their personal hygiene (include mask wearing) and caring for others. We would like to take this opportunity to update you on the following school matters:

1. **School Leaders and Year Heads.** The school is currently led by three School Leaders (one Principal and two Vice-Principals). We have also a Student Development Team (SDT), which works with other key staff to oversee the holistic development of our students. The three Year Heads of the SDT will update you (from time to time) on key matters pertaining to their respective levels.

2. **Parents Gateway and Updating of Contact Numbers.** We would like to thank all parents who have come on board PG (digital platform) which facilitates timely communication between parents and the school. To date, about 96% of our parents are on board. The school will continue to post announcements and online consent forms via this digital platform. The PG app can be downloaded / updated through Apple App Store or Google Play Store (please visit the PG website: <https://pg.moe.edu.sg> for more information). If you have any queries on PG, please contact our ICT manager (Mr Iman) at Muhammad_nuriman@schools.gov.sg. If there is **any change in correspondence email and/or contact numbers**, please inform the Form Teacher and/or General Office soonest so that we can continue to reach out to you.
3. **2022 Student Handbook.** The Student Handbook provides general information on the school and our expectations of our students. Students and parents can refer to the Handbook for examination matters, school grading system, school rules, safety procedures, helplines etc.

All students are to submit a medical certificate or other official document if they are absent for the assessment. Please see **Annex B** for the tentative assessment dates (including PSLE Time-Table).

5. **Use and Publish of Photographs on School Activities and Student's School Work.** Photograph(s) or video image(s) of students and parents may be captured during school activities and events (such as classroom lessons, CCAs, school camps and school concerts). We would like to inform you that the school may use and publish such photographs and/or video recordings in school publications, websites, social media channels, and other communication channels. Written work and/or artworks done by your child may also be displayed likewise. **Please inform the General Office if you object to this arrangement.**

6. **School Safety.** School Safety is fundamental to the well-being of staff and students in carrying out their duties and participating in learning activities respectively. It requires a **whole-school approach** where we need to collaborate with our stakeholders. We continue to encourage feedback from parents and students to improve our safety management. In school premises, most students are observing safety in their commute, movement and lessons (in particular, for PE, Science and Art). On Road Safety, we would like to thank parents who drive their children to school for your attention to pedestrian safety in the school vicinity. We would like to raise a **safety concern and remind motorists** that **Gate H along the stretch of Serangoon Road is only for pedestrian access and not** for drop off and/or pick up. Stopping your vehicle outside Gate H poses potential safety hazard to other road users. Land Transport Authority is monitoring the illegal parking situation at Gate H and will intensify the patrol by their Enforcement Officers when necessary. We encourage these motorists to make use of the nearby public carparks (at Beng Wan Road and Blk 45) that lead to the school side gate (Gate A). Please see attached Appendix for the **Traffic Police Advisory on Jaywalking** in the vicinity of Bendemeer Primary School.

7. **TraceTogether (TT) Token / App for 2022 School Reopening. Contact tracing for Primary school will be fully TT-based in 2022.** The TraceTogether (TT) Programme comprises both the use of TT App and the TT Token. Together with SafeEntry, the national digital check-in system for venues, they make up the suite of digital contact tracing tools to facilitate the safe resumption of social and official activities. We appreciate your support in this nationwide effort to keep Singapore safe by ensuring that your child is equipped **with an active TT Token** (properly labelled with name and class using permanent ink). Our students are to have their TT Tokens with them while **carrying out activities in school**.
8. **Home-School Partnership.** We believe it is important to foster a strong relationship between parents and teachers so as to support students' holistic development. We value your commitment in supporting our students' learning (please see **Annex C** for guides on better home-school partnership). Thus, we would like to extend our invitation to you to be part of our Bendemeer Parent Support Group (PSG) family. As a PSG member, you will get to immerse in the school learning environment by participating in regular school programmes opened to the PSG. Parents will work closely with the Teachers-in-charge to ensure the programmes are implemented safely and effectively. The school leaders, together with the PSG officer in-charge, will also interact with the PSG members on a regular basis. In addition, you will also gain the support from other PSG members through this network. You may check on our school website to find out more about the PSG activities. If you have any queries, please feel free to email our PSG officer in-charge Mdm Zakariah Bte Abdul Karim at zakariah_abdul_karim@schools.gov.sg.

9. **Uniform Sales.** We want to thank parents for your support to the school's effort to progressively roll-out our new uniform in 2021. While it is not mandatory for our students to wear the new uniform in 2021, **all students must don the new uniform from the start of 2022 Term 2 (after Mar Holidays).** The new uniform can be purchased at the School Bookshop (after Term 1 Week 2) or directly from the uniform supplier (online or warehouse).

In preparation for the setting up of a MK within our school in 2023, **renovation works have commenced in Nov 2021 and will be completed by end 2022.** We seek your understanding as the school put in place measures to ensure that retrofitting works are carried out safely with minimal disruption to our school operations and lessons.
- b. **MK Open House and Registration.** Parents may register their children born in 2018 for our 2023 K1 programme in the 2022 MK Registration Exercise in Feb 2022 (dates will be announced later). The MK Open House will be held on **22 Jan 2022 (Saturday).** The Open House event will comprise of **online sharing sessions by MKs grouped by geographical areas.** Parents interested in the 2023 MKs may join any of the sessions. Guides for Better Home-School Partnership

Help your child succeed in life

Our children do best when schools and parents work hand in hand to support them. Here are some tips to make this happen...

Work with the school to know and support your child

- Have regular conversations with teachers in both academic and non-academic areas – this will help you better guide your child's development.
- Check the teachers' preferred mode of communication – they are not required to share their mobile numbers.
- Understand that teachers may not be able to respond to your queries immediately.

Help your child develop good habits

- Create a conducive home environment for your child to enjoy reading and to finish his/her homework by himself/herself.
- Encourage your child to live a healthy, balanced life with time for sleep and play.

Help your child manage himself/herself

- Guide your child in managing his/her time.
- Encourage your child to help out with household chores.

Help your child relate to others

- Work with the teachers to help your child respect differences and resolve disagreements amicably.
- Let the school verify the facts in any incident before taking action to ensure a fair, objective outcome for all parties.

Our children succeed when parents and schools work hand in hand.
